PARTS OF
WARDS 1 & 5.
LOWELL.

PLATE C.

This historical map of Merrimack, New Hampshire, provides a detailed view of the town's layout and property ownership in the mid-19th century. The map features a large, winding river labeled 'MERRIMACK RIVER' running diagonally across the top left. The town is bounded by several streets: 'PARK ST.' and 'CHESTNUT ST.' in the bottom left; 'EAST PARK' and 'SWAN ST.' in the center; 'ST. STACKPOLE' and 'ANDOVER' on the right; and 'NESMITH ST.' at the bottom. Topographic lines indicate the town's elevation, with contour lines showing a significant rise in land towards the top right. Numerous property owners are marked with brown rectangles and labeled: 'E.W. Hoyt Res.', 'H.H. Wilder Res.', 'Mrs. McCann, Esq.', 'F. B. Shedd Res.', 'E.W. Hoyt Res.', 'H.B. Shattuck', 'B. F. Butler', 'Mrs. C.B. Richmond', 'B. F. Butler', 'D.W.C. Farrington Res.', 'Locks and Canals', 'J. K. Fellows', 'Thomas Nesmith, Esq.', 'W. McDaniel', 'R.C. Gates', 'Nesmith Heirs', 'John Nesmith, Esq.', and 'Enter in the'. A compass rose in the bottom left corner indicates the cardinal directions.

According to act of Congress in the year 1879 by C.M. Hopkins,
of the Librarian of Congress at Washington, D.C.
